

Although it has been a short term, it has been packed as usual with learning opportunities in a range of forms. With the sun seemingly shining on us all for most of the term, the children have enjoyed the field and their outside learning both in school and beyond.

### Winning Poets of the CLF 15<sup>th</sup> Anniversary Poetry Anthology

Well done to the following poets: Alex B (Whitebeam), Pippa (Pine) Anya, Ioanna (Poplar), Albie (Maple) and Ivy (Elder) whose ancestor-inspired poetry will be published alongside other winners in a poetry anthology! We are incredibly proud of you. More details will be shared soon on how those involved will receive your own copy, whilst we will also be welcoming copies in the library to celebrate this achievement.

### Assembly themes this term:

- Week 1: Understanding behaviour & resilience
- Week 2: Protected characteristics
- Week 3: Linguists
- Week 4: No Outsiders / Medical Differences
- Week 5: HVA Citizens & Safety (This week)

Our children continue to inspire all of us. We wanted to share that we are increasingly finding children to lead assemblies alongside adults, which is truly brilliant.

### Ofsted visit

Last week we had a visit from Ofsted. The inspection took place over 2 days. We will be able to share with you the findings of the report once it is published by Ofsted. We anticipate being able to do this towards the end of June. Thank you for all those parents who verbally shared support and interest in the process.

### MTCs Year 4 - Monday 2<sup>nd</sup> June- Friday 13<sup>th</sup> June

Year 4 official soundchecks will be taking place between **Monday 2<sup>nd</sup> June and Friday 13<sup>th</sup> June**. These national measure checks are important to support children in their maths fluency, and the current Year 4

children have shown great perseverance and ambition to ensure they will achieve the best possible score. Thank you, parents, for your continued support and this final push to help your children showcase their multiplication to the best of their ability. If you have any questions around these checks please see class teachers in the first days back.

### Attendance information

Have you seen the published calendar on the school website? Hopefully this information will help you to plan your holidays for next year. Every day in school counts. Children who attend school the most are more likely to achieve better, in a range of ways, than their peers who attend school less.

### Next year's teacher

Many teachers are being asked who their child's teacher will be for next year. We will be aiming to share the class teacher information in good time before the transition/moving up days which take place on Tuesday 1<sup>st</sup> July and Wednesday 2<sup>nd</sup> July.

### Weston Hospice Care Wetlands Walk – 27<sup>th</sup> June

On Friday 27<sup>th</sup> June, we will undertake a whole school local walk to our wetlands in Haywood Village. This is part of the HVA 3 Charities Appeal, whereby we will raise the profile of the Weston Hospice Care charity. We will be sending an online form to parents should you wish to volunteer to help walk with us in this fundraising and community walk that will take place between 9:15 – 10:30 am.

### The HVA Citizen Certificate

We were incredibly proud of how families are supporting children to gain those experiences that reflect our lovely people values through the ideas suggested in the HVA Citizen Certificate. If you are unsure how your child can earn their HVA Citizen Certificate badge this year, please contact your child's class teacher. Below is a picture of Reception children litter picking in the village.

**In the Learning:** Here are some images from this week reflecting the experiences and opportunities that have supported children's learning this past week.

Pre-school Apple class released their butterflies this week – how amazing for them to have experienced and observed the lifecycle of this insect?

In Year 1, scientists explored a wonderful collection of plants, courtesy of Miss Bone, investigated their similarities and what they need to grow.

Year 2 learners had an excellent trip to Court Farm last week. This is a great experience with school starting and ending at the farm. Thank you to parents for supporting this trip so positively.

Reception had a really fun morning with the Fibbertigibbet Theatre! We laughed so much during their 'Babble' workshop. Thank you to the PTFA for subsidising this experience.

Year 3 scientists have recognised that in this year group, children tend to see their 'baby teeth' fall out. They have been learning about teeth and the different types of teeth they have.

High-quality collage is evident in year 4. These artists can talk about their art and create impressive images.

Year 6 are pleased to have completed their SATS. They have been superbly supported by parents and teachers. They look forward to their final term which will see them preparing for secondary school, whilst enjoying some traditional end of Year 6 opportunities including safety workshops, an end of year production, a trip to London and visiting their new schools.

Year 5 were really fortunate to have Lucy from Flutterby Outdoor Learning in to show us different species of butterflies and moths. As scientists and geographers, they discussed how we can help preserve their habitats – all linked well to their learning about lifecycles and rivers.

M

Well done to Theo in Reception for an extremely helpful set of instructions on how to grow a bean. Vinnie, Hope and Lucas in Year 1 for great progress in their writing. Ethan in Year 1 for outstanding progress in learning to read. Vincent in Year 3 for his achievements in mathematics. Ryan and Felicity in Year 4 for impressive collage artwork and writing progress. Tait in Year 6 for his attitude and accuracy in writing beyond school for a purpose.

### School Calendar

Please view the school calendar for all school events for the year.
