High aspirations - Valuing learning – Achievement for all

12th March 2020

Dear Parents/Carers of Pre-School and Reception Children

Mathseeds

Following a recent letter regarding Mathematics at home, we have had a number of parents interested in purchasing an application to support their child's learning in both reception and preschool. I am delighted to share that we are also able to offer a yearly subscription to Mathseeds at a one-off payment of £10.09. This is a school-only offer which the school will not profit from.

Mathseeds is currently used within the class but children do not currently have access at home. Mathseeds teaches children aged 3-9 the core maths and problem solving skills needed to be successful at school with fun, highly interactive and rewarding lessons. Mathseeds combines highly structured lessons with fun motivational elements that keep children engaged and keen to learn.

If you would like to purchase the one-year subscription to Mathseeds for your child, please complete the slip below by Wednesday 18^h March. The payment of £10.09 will appear on your Tucasi account on Tuesday 24th March.

Yours sincerely

Mrs Standeven

Mathseeds Subscription – please return slip by Wednesday 18th March

- I would like to purchase a one-year subscription for Mathseeds for my child

..... in Class

- I understand that I will need to make a one-off payment of £10.09.
