

Monday 3<sup>rd</sup> November 2025

Dear Parents and Carers,

As part of our ongoing efforts to develop communication between school and home, we are trialling a new platform to share updates about your child's learning journey. Starting this term, we will be trialling whole-school use of ClassDojo instead of X (formerly Twitter) to provide regular insights into classroom activities, learning highlights and celebrations.

ClassDojo offers a secure and interactive environment tailored specifically for schools and families. It allows us to share photos, information, and updates in a way that is private and accessible only to parents and carers of children in each class.

This trial will help us evaluate how well ClassDojo supports our communication goals, including use of a whole-school ClassDojo page to share messages like our last Twitter (X) page.

This platform/app will be in addition to MCAS. ClassDojo will give you more of an insight to learning, whereas MCAS is for more regular formal announcements and communication. MCAS is necessary, whereas ClassDojo is optional - but we believe you will enjoy continuing to see what your children are learning about!

We will be sending out invitations by the end of this academic week so you can access your child's ClassDojo page. Please note, if accessing via mobile devices you will need the ClassDojo app installed (skip the paid version – this is not needed).

If you have any questions or need support setting up your account, please don't hesitate to contact your child's class teacher.

Thank you for your continued support.
